

100+ Most Frequently Asked Interview Questions

Job interviews are stressful situations because we don't know what questions may be asked. Fortunately, there is a method to the madness. Expert interviewers around the world follow a similar set of questions to gauge potential employees. This list is almost finite. Almost because individual situations (of the interviewer and the interviewee) can result in some personalized questions. This list is similar because employers recognize the need to be consistent across their different (sometimes global) offices, as well as with employee statures of competitors. This guide is a compilation of the 100 frequent questions, each with a Tip that suggests a favorable way of answering the question.
