

## The 20Th Century Toolsmith and Steelworker: A Complete, Practical, and Scientific Book (Classic Reprint)

4PREFACE tions, how to forge, weld, anneal, harden and temper, every tool that the toolsmith or toolmaker is called upon to make or repair, and if the directions are followed closely, this book will be the means of lifting a great many out of a rut of darkness and place them on the road of sunshine to mechanical success, as this information could not be gained in a lifetime in the ordinary blacksmith shop or from the steel manufacturer.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text.
