

Colorin over Coffee: Share some creativity and relax over coffee.. (Colorin, Coffee, Quotes) (Volume 1)

Coloring Books have been around almost as long as the written word. They have provided hours of entertainment and creativity for generations of children. But now they are back, and adults are discovering the relaxation that comes from unplugging their minds from today's stress-filled world. Coloring these images allows their creativity to reassert itself as they create beautiful images that stretch the mind and relax the soul. and contemplation. Combine that with quotations from some of the world's most profound minds, and you have a formula for relaxation.
