

Essential Student Cookbook: 400 Quick Easy and Cheap Recipes

Cas Clarke originally combined her two most successful books to create THE ESSENTIAL STUDENT COOKBOOK. This fully updated version of the bestselling compendium puts everything into one modern and redesigned volume for the aspiring student cook. Based on Cass own experience, it gives basic guidance on essential equipment, what to take for the store cupboard and how to cope with the vagaries of cooking in hall. The recipes are completely straightforward and assume no prior knowledge. They take into account the students limited means and time but also cater for the odd occasion when they might want to splash out or entertain friends.
