

Villainous Vixens: The Rise of Blisster

Villainous Vixens The Rise of Blisster is a brand new full color, photo-GRAPHIComic created by Tia Tormen and is the prequel to the first issue, Lassnite. The Rise of Blisster follows the adventure of Bliss and her Bad to the Foam Teddy bear as they struggle (literally) through the problems and pitfalls of adolescent innovation and evolution. It reveals the answer to the burning question, Just how did a sweet young school-girl like Bliss, become the Villainous Vixen, Blisster? If you enjoy gratuitous photos of booty and cleavage, girls in gartered stockings, girls being tied up and tickled with feathers, pillow fights, school girls sucking on lollypops, spankings, bad-ass Teddy chicks and stories about revenge, then this is the book for you! Villainous Vixens contains no nudity, just lots of fun comic book character humor, light bondage and lots of booty! Its pithy; its silly and is heaving with copious amounts of naughty entertainment! The book features three models; Bliss, Kuari and Dae Russ. It contains over 100 full color photos, model bios, a featured article on the amazing alt model, Merci Rae (who will star in an upcoming issue), an article on bondage an extra hand drawn comic and more! The comic book has a publication date, not an expiration date, so copies will not expire over time.
