

You cannot LIVE WELL without STRATEGIC FASTING: FAST RIGHT and GET RESULTS (AWAKENING (Part 1))

ONE AMAZING TESTIMONY There was a time in my life when I was about to hit rock bottom financially Talk of depression, I was Mr. Depression myself. The devil did not need to torment me, I know God is good all the time, but I dont know if I was getting it right. My finances went bad. I had expected some money to come through for me to put a spin on my business. The money did not come after waiting for it at the season it should come. I was drawing on fumes. I had no money. I had no job. I had no business. I was down to my last \$50. When that \$50 (US dollar) is gone, I just dont know what will happen next. It was a dark of dark times. I have been praying and fasting once a week, all the while I was expecting the money to come. But nothing happened. I was already writing this book at that time, and I expect that what God has inspired me to write should at least work for me. While writing the Part 2 of this book, the Holy Spirit ministered to me about the miracle of seven days fasting. So, at this bleak time of my life, I went into a seven day fast. Few days after the seven days fast, I decided to check out a company in my neighborhood, to see if they were hiring. I met the manager. After talking for about five to ten minutes, he asked if I could start work right away. We agreed at a salary, and it worked out that I will be making like \$1200 in a week. I was like Joseph going from prison to the palace. How did I go from the last \$50 in my pocket to a job with \$1200 a week? One thing I know is that I fasted for seven days. When we fast, I believe that the many questions we have will be answered. Fasting is the strongest spiritual force on earth. But many Christians have little or no knowledge of it. This is why it is very important for you to read this book, learn the principles and engage them in your lifestyle. Like most things in life, there is a right way to fasting, and there is also a wrong way(s) to fasting. It is

therefore very important for every believer to have a good understanding of the practice of fasting. The early Christians had fasting as part of their regular practice and they manifested the power of God in their ministry. Church validity will never be possible without signs and wonders, which will not happen unless Churches are fasting and praying. The purpose of this book is to teach and develop Christians to having critical faith in God through fasting. With fasting, you can bring down a mountain, and turn it into a plain. You can make the crooked paths straight. You can make rough edges smooth. You can see the power of Jesus Christ relived in this generation. There is reward (or result) in fasting. When we fast, God does something. God rewards us with righteousness, peace and joy of the Holy Ghost when we fast. Before the Lord Jesus could accomplish his ministry on earth, he went into forty days and night fasting. This is an indication to us that God works with fasting Christians. This book will develop your understanding of fasting. It will equip you with strategies for fasting. It will anoint you with the power for fasting. It will show you the mysteries of fasting in dimensions never revealed before. This book is an adventure into this skyscraper building. You will discover the multidimensional ways and levels of how the Bible is embedded with the treasures of fasting. From seemingly simple stories to futuristic prophecies, to unexplained theories in the Bible, you will see how the seed of fasting is widespread in the entirety of the scriptures. This book reveals a lot. From Biblical verses to Biblical testimonies, your eyes will be opened to a higher level of faith that is aggressive, unwavering, and productive. You will start living a successful Christian life. Every time I read this book, my spirit is strengthened and my hope in life is energized. I know the Holy Spirit will do the same for you, in the mighty name of Jesus Christ. Amen
