

## Business Religion Spirituality: A New Synthesis (John W. Houck Notre Dame Series in Business Ethics)

Spirituality seems to be a basic human good essential for human flourishing. This work raises questions about spirituality in the workplace. What are the moral questions that should guide leaders? Is spirituality being treated as simply an instrumental good, valued for its usefulness in enhancing productivity and well-being? What are the responsibilities of business leaders? Of business schools and their faculty? This work reflects on these and other pertinent questions.
