

A Sacred Voice Is Calling: Personal Vocation and Social Conscience

What does it mean to find and follow our personal calling? How do we distinguish between the still, small voice of our authentic vocation and all of the other competing counterfeit voices in ourselves and in our culture? Specifically, how do we balance the inward listening to our hearts and the need to listen with our hearts to the realities and needs of our world? Drawing widely on the wisdom of saints, sages, and the traditions of spiritual direction, Neafsey describes a path to living in the place, as Frederick Buechner has put it, where our deep gladness and the world's deep hunger meet.
