

Secrets of a Corporate Recruiter

Secrets of a Corporate Recruiter allows the reader to look inside the mind of a corporate recruiter. This is what author, Shauna Williams wants you to know in order to stand out (in a good way) and get hired in any economy. This is inside information, cut-to-the-chase and very real advice for anyone, at any age, culture or ethnicity. It gives you a glimpse into the life of a corporate recruiter; one who reviews hundreds of resumes and applications a week, has talked to thousands of potential employees and has given countless presentations on the subject matter in this book. What stands out about this book however, is the humanity found in it. The author cares about making an effective difference in your life and wants to help you understand what to do to be successful in your career search and beyond. Read, enjoy, learn and be changed for the better. Take it with you and refer back to it often. This book will make you see things differently in your job search, become more effective in front of potential employers and might even make you laugh a time or two.
