

Fallschirmjager: In Action Figures (Action Figures & Toys)

Among all the German elite forces, the Green Devils distinguished themselves, from the early stages of WWII, by their feats, their esprit-decorps and a chivalry towards their adversaries. From a uniform point of view, the rich variety of their field dress is an added attraction that the reader will discover through 12-inch figures, giving the full scope of the many theaters of operations where they fought during the war.
