

Assassination Classroom, Vol. 7

Ever caught yourself screaming, I could just kill that teacher? What would it take to justify such antisocial behavior and weeks of detention? Especially if hes the best teacher youve ever had? Giving you an F on a quiz? Mispronouncing your name during roll call...again? How about blowing up the moon and threatening to do the same to Mother Earthunless you take him out first?! Plus a reward of a cool 100 million from the Ministry of Defense! Okay, now that youre committed... How are you going to pull this off? What does your pathetic class of misfits have in their arsenal to combat Teachs alien technology, bizarre powers and...tentacles?! The 3-E students hope to kill on their final exams to win not only respect but a special reward. Over summer break, Nagisa, Sugino, and Maehara play amateur entomologist witha girl? After rigorous training with the greatest assassin of all, the class launches their best assassination plan yet! Now who will save our would-be assassins from a myserious biological weapon?
