

Star Wars: Panel to Panel (Star Wars (Dark Horse))

From 1992 to 1999, Dark Horse Comics was virtually the only source of new Star Wars visual art. Even after the release of the new films, the talented artists at Dark Horse have continued to expand the depth and breadth of the Star Wars galaxy. From ancient Jedi to alien worlds, from fantastic creatures to faster-than-light spaceships, no other publisher has produced so many dazzling images from our generations greatest mythology. This book presents an amazing selection of covers and interior images from over a decade of Dark Horse comics and graphic novels by some of the finest artists in the world. A visual feast for anyone who has enjoyed the films and a true treasure for the dedicated Star Wars fan!
