

Burma Chronicles

After developing his acclaimed style of firsthand reporting with his bestselling graphic novels *Pyongyang: A Journey in North Korea* and *Shenzen: A Travelogue from China*, Guy Delisle is back with *Burma Chronicles*. In this country notorious for its use of concealment and isolation as social control - where scissors-wielding censors monitor the papers, the de facto leader of the opposition has been under decade-long house arrest, insurgent-controlled regions are effectively cut off from the world, and rumour is the most reliable source of current information - he turns his gaze to the everyday for a sense of the bigger picture. Delisle's deft and recognisable renderings take note of almsgiving rituals, daylong power-cuts and rampant heroin use in outlying regions, in this place where catastrophic mismanagement and ironhanded rule come up against profound resilience of spirit, expatriate life ambles along, and non-governmental organisations struggle with the risk of co-option by the military junta. *Burma Chronicles* is drawn with a minimal line, and interspersed with wordless vignettes and moments of Delisle's distinctive slapstick humour.
