

## Ceramic Painters Pattern Book

A richly illustrated resource for ceramic painters, this guide features designs specially selected from the Design Source Book series for borders, frames, motifs, and patterns in many different styles. The pages are packed with classic florals, beautiful figures, cartoon animals, birds, fish, butterflies and ornamental letters, plus many more decorative designs. They have all been specially chosen to inspire ceramic painters and to help them develop their own ideas on plates, bowls, tiles, vases, frames and more. Step-by-step photographs show how to transfer the designs on to bisque ware and how to add color using simple brushstrokes.
