

Chibi Vampire, Vol. 8

After months of very little romantic development, are Karin and Kenta ready to take a big step forward in their relationship? With the young couple finally starting to hold hands in public, Maki forces the issue by setting up a zoo date. And when Karin and Kenta find themselves alone at the zoo, crazy monkeys aren't their only obstacle. What's this? A romantic rival who could be a major thorn in Karin's side? This volume also features a side story showing how Karin and Maki first became best friends.
