

The Jade of the He family (Simplified Chinese reading comprehension, Level 1, Chinese-English Bilingual)

(This book is with free audio book, and also readable on iPad and tablets.) Bian He dug a stone in the mountain of State of Chu. He firmly believed that the stone was a rarely seen jade. He offered it to the King. The craftsman replied, King, this is a stone, not a jade. King immediately ordered to cut off Bian Hes left foot. Bian He was too sad that his tear ran out, leaving the eyes bleeding. New King heard there was such a poor man, He sent another craftsman to identify it. With only one incision, a rarely seen white jade was exposed in the stone, which is very impressive. Hence, the jade was named the jade of the He family and became the national treasure of State of Chu.
