

Chronicles of Conan Volume 20: Night of the Wolf and Other Stories

Conan confronts some of his most difficult challenges yet when he faces down a werewolf who is being protected by the same tribe that it aims to destroy in Night of the Wolf, and he finds a hidden Cimmerian valley filled with the vestiges of an ancient war in Vale of Death. The wandering barbarian will also have to keep his wits about him if he is to keep from becoming a statue in a madwomans collection in The Cauldron of Doom!* This volume collects Conan the Barbarian issues #151 - #159, now with new colors, all of the original series covers, and a foreword by Ernie Chan complete with a brand new pinup!
