

Collectible Coloring Books

Coloring books are a hot new field just now being discovered by many collectors. This beautiful book includes 500 full color photographs of coloring books published during the last 100 years. A history of coloring books, as well as information on the subjects of each of the books is also included. The fields of special interest covered include: television, movies, personalities, dolls, paper dolls, advertising, comics, cartoons, Disney, and history.
