

The Wonderful Words of Shakespeare: Colorful, saucy snippets by Shakespeare (Wonderful words by Shakespeare) (Volume 1)

Upon retirement from teaching, I pursued my hobby of making colorful books that contained wise words of people smarter than myself. My doctor suggested I make a book containing quotes of William Shakespeare. At first, I was hesitant. Like so many other people, I had a negative high school experience, causing me to believe the Bard was out of my league. Fortunately, I took my doctors advice and I learned to love the mans brilliant wit and sage wisdom which still apply today, ...four hundred and fifty years later! While this is my first book on Shakespeare, my enthusiasm for him propelled me to make two more volumes, both of which, hope to inspire others to read more wonderful words of Shakespeare in the future. Thank you for checking out my book.
