

# Dont Go Where I Cant Follow

In this collection of letters, drawings, and photos, Anders Nilsen chronicles a six-year relationship and the illness that brought it to an end. *Dont Go Where I Cant Follow* is an eloquent appreciation of the time the author shared with his fiancée, Cheryl Weaver. The story is told using artifacts of the couple's life together, including early love notes, simple and poetic postcards, tales of their travels in written and comics form, journal entries, and drawings done in the hospital in her final days. It concludes with a beautifully rendered account of Weavers memorial that Glen David Gold, writing in the *Los Angeles Times*, called 16 panels of beauty and grace. *Dont Go Where I Cant Follow* is a deeply personal romance, and a universal reminder of our mortality and the significance of the relationships we build. Originally published as a limited edition in 2006, this collection includes a new afterword written by Nilsen.
