

## The Girl I Saw: My Vision of Crystal Clear Water

The vision of us being together. I meet this girl in church, but we cannot be together. She is my vision of crystal clear water that I want to be with. I see her in my dreams and in my thoughts. She's the one vision of my crystal clear water that I see. We are talking about my life, and I want her to know everything there is about me, so I am not holding anything from her—no secrets, no lies, just the truth.
