

## Economics: Work and Prosperity

Americas market economy--a heritage to cherish and the key to tomorrows prosperity--is the unifying theme of Economics: Work and Prosperity. Contrasting the free enterprise system to the system that kills the goose that laid the golden eggs, the author takes the cheerful view that the market economy can continue to produce abundantly for years if people will learn to understand it and care for it properly. This enlightening text will help students become informed citizens, able to make wise decisions about the crucial area of economics.
