What is failure? In the case of Jeffery J. Manley it is a 14 year career as a cartoonist that has gained him 0% fame or fortune. Jeff has often been called the hardest working cartoonist you have never heard of. And this book just proves that he keeps trying even if nobody is paying attention. This book collects 30+ Manley Drawings of famous people and characters, and 40+ uninked pages of the sequel to his all ages graphic novel Gone, PLUS 34 Mini Manley Drawings!, and 39 pages of his non-hit webcomic Treasure Hunter (with never before seen cover art - with male nudity!), and 15 pages or drawings from his failed artbook my bookshelf, and a look at older failed works like: Super Sized Spy, Stranded and The Team... and if you made it through that much of the book Manley was nice enough to throw in the 7 page bonus Christmas P.E.T. story! All this plus an introduction by famed cartoonist Alex Robinson (Box Office Poison)!
