

Ghost In The Shell 2: Innocence Ani-Manga Box Set (Ghost in the Shell 2 Ani-Manga)

In 2032, the line between humans and machines has been blurred almost beyond distinction. Humans have forgotten that they are human, and those that are left coexist with cyborgs and dolls. Batou is a cyborg. His body is artificial: the only remains left of his humanity are traces of his brain...and the memories of a woman called the Major. A detective for the governments covert anti-terrorist unit, Public Security Section 9, Batou is investigating the case of the gynoid - a hyperrealistic female robot - who malfunctions and slaughters her owner. As Batou delves deeper into the investigations, questions arise about humanity's need to immortalize its image in dolls. The answers to those questions lead to the shocking truth behind the crime...and quite possibly, the very meaning of life.
