

## Sahih Bukhari.English Translation Volume 3

We are pleased to be able to provide the English Translation of Sahih Bukhari. Sahih Bukhari is a collection of sayings and deeds of Prophet Muhammad (pbuh), also known as the Sunnah. The reports of the Prophets (saw) sayings and deeds are called ahadeeth. Imam Bukhari lived a couple of centuries after the Prophets (saw) death and worked extremely hard to collect his ahadeeth. Each report in his collection was checked for compatibility with the Quran, and the veracity of the chain of reporters had to be painstakingly established. Bukharis collection is recognized by the overwhelming majority of the Muslim world to be one of the most authentic collections of the Sunnah of the Prophet (pbuh). Bukhari (full name Abu Abdullah Muhammad bin Ismail bin Ibrahim bin al-Mughira al-Jafai) was born in 194 A.H. and died in 256 A.H. His collection of hadeeth is considered second to none. He spent sixteen years compiling it, and ended up with 2,602 hadeeth (9,082 with repetition). His criteria for acceptance into the collection were amongst the most stringent of all the scholars of ahadeeth. Sahih Bukhari is divided into nine volumes, each of which has several books. Each book contains many ahadeeth. The ahadeeth are numbered consecutively per volume. The books really only serve to group ahadeeth together, but the volumes impose the numbering.
