

## Hellsing, Vol. 8

London is already bathed in blood, its citizenry almost entirely slaughtered by vampiric, reborn Nazi soldiers. And marching through the rivers of blood - thousands of extreme Catholic warriors in creepy cloaks. But the focus of this chaotic eighth volume is the return of Alucard, the slave-paladin of the British Protestants, who just piloted an aircraft carrier up the Thames to join the fray. It's a crazy face-off between three gory armies and their primary killers, and if you think that sounds nuts, wait until you dive into the crimson-stained new volume of Kohta Hirano's creepy-cool Hellsing manga series.
