

Fraud in the World of Pills (Pills and You Book 4)

The entire pharmaceutical industry is much, much worse [than other businesses] when it comes to not playing by the rules, defrauding the taxpayer and illegally pushing drugs in a way that can damage or kill people. Richard Ungar, Forbes, January 24, 2011. Fraudulent practices in the development and marketing of prescription pills sometimes enrich the few but almost always at the expense of the many. This book deals with the way fraud works and offers a examples of total disregard of the laws of the land that regulate pills. Too often the penalties are written off by major pharma companies as a business expense, and the fraud continues at the earliest opportunity. Some fraudulent activities are purely financial; others result in physical harm and even death by ordinary citizens caught in the trap of pharmaceutical fraud.
