Quick Reference Card. This card covers both the IC-2100H and the newer IC-2100H25N radios. Heavy duty laminated short-form card, the size of commonly used highway maps, for convenient storage in a car-door map-pocket or the glove box. High quality printing on both sides. Nifty! Mobile Transceiver Reference Card Condensed setup and operating instructions that simplify radio setup and programming. Simple step-by-step instructions, augmented with hints and explanations. Color-coded, clear and easy to understand instructions, with printing on both sides. Smaller, faster and easier to use than the factory instruction manual.
