

Scapekids, Book 5

After learning the truth about the letters and an unexpected dimensional crossing, the children have chosen to help the Terranians, for they have learned to love them and their world. Will learned to believe in Rosco as a friend in need, but continues to worry of the bandit bosses words: Pulling that sword comes a great consequence. Youve killed us all, child! Youve even destroyed your own world... By pulling the swords from their chests, Will and Jack not only reawakened their spirits, but unleashed more monsters into the world. The Guardians new hope now is for the children to believe strongly in themselves and the world around them in order to accomplish a series of missions, guided by the brave and rambunctious Rosco. Their first mission is to travel across the world and visit the five realms in order to stop the kings from causing chaos amongst themselves. Along the way, they are to find more information on the The Darkness and the remaining spirits of The Legendary Heroes. But once they set foot in The Realm of Litust, they will realize somethings gone wrong, and will then have to find out whats troubling it to save it from total ruin. Along the way, they will make new friends as well as enemies.
