

The Ultimate Interview Manual: Simple strategies to help you win over every interview

Interviews have become a major barrier between many job seekers and their dream jobs. Some are compelled to settle for jobs they did not dream of doing simply because they are unable to land their dream jobs. Interviews have become a bridge one must cross to land a dream job. It has become imperative therefore, that you equip yourself with knowledge, skills and techniques necessary for you to ease through an interview successfully. Mostly, you realize you are not any less talented, skilled, experienced and knowledgeable than the person who finally lands the job that you did not get, and in some cases, even your interviewer. But for some reasons, you just don't receive the good news at the end of each interview. Extensive works within several industries and with many job seekers have brought to light new dimensions to skills needed to pass an interview, as well as validating other known approaches, practices and techniques. Never again shall an interview come between you and your dream job.
