

## Hamuketsu: Hamster Butts So Cute You Scream Long Time!

So you thought you had seen all hamster asses on the Internet? Then youre wrong. Fresh from an Eastern-European pet store comes this excellent collection of furry bums that puts an end to the brutal Japanese monopoly. If youve been craving some more hamuketsu, and I know you have, this photo ebook should be on your virtual coffee table. For those who are new to the phenomenon: hamuketsu has always been around. It wasnt until 2014, though, that a Japanese hamster lover put two and two together. With hamu meaning hamster and ketsu signifying ass, a word as cute as its definition was born. From the safety of your tablet or Kindle screen, these hairy little bums are sure to melt even the toughest of hearts. Do yourself a pleasure download this ebook, wipe away your tears and leave a review stating how these furry buddies have changed YOUR life. You owe it to the growing band of hardcore hamuketsu fans.
