

The Secret Gardens of Paris

Lying behind the urban facade of Paris is a hidden landscape. In this book, now published in paperback, authors Alexandra d'Arnoux and Bruno de Laubadere guide us through a concealed, verdant world, unseen by most visitors to the city. The harmonious proportions of the classical genre, the lush style of the picturesque, the playful surprises of the exotic all types of garden are represented in this gloriously illustrated book, providing enjoyment and inspiration to the expert gardener as well as to the armchair enthusiast.
