

Leadership Transformed: How Ordinary Managers Become Extraordinary Leaders

Ask around in business circles, and you'll get a thousand different answers. But now, internationally-renowned leadership expert Dr Peter Fuda has created a single, coherent roadmap for greatness: after more than a decades research and practice, Fuda shares the seven common threads that have enabled hundreds of CEOs across the world to transform themselves into effective, inspiring leaders. Leadership Transformed uses seven easy-to-remember metaphors to distil Fudas research into a pathway for real, lasting change. The Fire metaphor, for example, will help you shift from burning platforms (fear-driven leadership) to burning ambition (purpose-driven leadership). Fuda has helped leaders on four continents achieve greatness. Previously available only to the select clients of his industry-leading consultancy, now Fudas expert knowledge can help kick-start your own leadership transformation.
