

Louis C. Tiffany Garden Museum Collection

Alastair Duncan, the world-renowned authority on Louis C. Tiffany, has produced the definitive work on Americas premier artist-designer, examining every facet of Tiffanys unrivalled achievements in a lifetime consecrated, in his own words, to *The Quest of Beauty*. As Tiffanys wares have continued to rise in popularity since their resurgence in the 1950s, many collectors have focused on different aspects of Tiffanys work. Only Takeo Horiuchi, however, has built a comprehensive collection of masterworks in every artistic discipline to which Tiffany applied himself. This book, based on the superlative Louis C. Tiffany Garden Museum Collection formed by Mr. Horiuchi, presents a unique overview of every aspect of Tiffanys talent. For the first time it is possible to see the full range of Louis C. Tiffanys creativity from his famous lamps and windows to his lesser-known paintings and furniture. Every piece in the collection is reproduced in colour, often complemented by extracts from contemporary
