

Sixth Grade Spelling Words Journal: Spelling Homework Journal

Many, many youngsters in the 6th & 7th grade are still struggling with spelling skills. This journal has proven to systematically raise spelling scores. You will find that your student benefits from this Spelling Homework Journal in several ways. First, after their teacher delivers their weekly spelling assignment (for the upcoming spelling test) students will have a designated place to practice writing their spelling words each week. Parents can easily keep track of their child's progress. There is a permanent record of spelling assignments learned throughout the year. This 320 page Journal includes blank sheets on which the student can journal their spelling words daily. Each week of school is numbered and includes sheets enough for the student to journal their spelling words 4 consecutive days a week. Additionally, this journal includes a fun activity on each page designed to build anticipation of the next day's practice session. This Journal is available for grades 1 through 7. Once a student begins journaling their assignments, parents have reported to us that their child experienced drastic improvements in both spelling and study skills.
