He said that the State Publicity Bureau sent news items several times a week to all Wisconsin newspapers. This campaign is intended to educate people to a better appreciation of good plumbing. Louis F. Meyer, an honorary member of the association, urged the master plumbers to enter politics, in order to elevate the plumbing business. STATE PLUMBING CODE DISCUSSED TUESDAY AFTERNOON In the afternoon Dr. G. C. Ruhland, Commissioner of Health of Milwaukee, said the elimination of unnecessary, expensive fixtures, greater simplicity of design, with a higher grade of material, and prevention of water wastes are desirable in future plumbing installations. Mayor G. A. Bading told of the progress made by the city of Milwaukee in the scientific disposal of the city's wastes and in eliminating the outhouse. At present, there is under construction an \$8,000,000 sewage disposal plant that will take care of 2,000,000 gallons of waste every 24 hours. The Mayor was elected to honorary membership. State Plumbing Inspector Frank R. King discoursed on the minor amendments made to the State code. During the past year master plumbers throughout the State have operated with the inspectors very satisfactorily, and the inspectors department is organized to facilitate economy and service. He gave a synopsis of the Attorney General's interpretations of the code which applies to the licensing feature of master plumbers in towns of 5000 population and over, while the code itself governs the installation of plumbing all over the State. Mr. King

answered a fusillade of questions fired from all sides to the satisfaction of the members. J. E. Robertson, president of the State Board of Examiners, gave th...
