

# Spinning Spirals: Creating and Animating Patterns with Spiral Symmetry in Google SketchUp 7 (GeomeTricks Symmetry Series, Book 2)

The second book in the GeomeTricks Symmetry Series. You will make colorful spiral patterns using simple hexagons, and learn to create animations that make your patterns spin, flash, and change colors. All geometry is created in Google SketchUp 7 - a free, easy-to-use 3D modeling application.
