

## Linns U. S. Stamp Yearbook 2003

Linns U.S. Stamp Yearbook 2003 provides unprecedented information for all of the 121 new varieties of stamps and postal stationery issued in 2003. It features in-depth details on each stamp: how it came about, the problems and controversies surrounding it, plus all relevant production facts and figures. It also includes the proposed designs that the Citizens Stamp Advisory Committee considered before reaching its final decisions, along with artists original source material. Unavailable in any other published work, these illustrations are essential to the collector who wants the full picture of the 2003 stamp program.
