

Signed Limited Edition President John F Kennedy Assassination Report of the Warren Commission

Hand Signed by the late President Gerald R. Ford. This is his final book and provides the reader with Ford's thoughts on issues concerning us all today from 9-11 to the presidents he knew. Photo of Gerald R. Ford signing the books comes with each copy sold along with Certificate of Authenticity and Serial Number. I completely replaced cabinet and staff. You may recognize some of my appointees: George H.W. Bush - Director, CIA Richard Cheney - Chief of Staff Donald Rumsfeld - Secretary of Defense Alan Greenspan - Chairman, Council of Economic Advisors; ;Difficulties with FBI-CIA interagency communications were among our key findings, and that was reinforced by later investigations. Why were those communications still so inadequate in September of 2001?; Did a renegade official, a criminal organization, or some other government influence their actions? The assassination was a national tragedy, but what made it a frustrating nightmare was that only two days later, as the presumed assassin was being transported to the Dallas County jail, he was murdered by Jack Ruby. Coincidence or conspiracy? Given the new facts, could there still have been a conspiracy? Conceivably..... This is an heirloom. One that Ford gifted to his friends in the White House and to other world leaders. This was his project, his book which he helped design as a part of his legacy.
