

Risk Management and Insurance: Perspectives in a Global Economy

Skipper & Kwons Risk Management & Insurance: Perspectives in a Global Economy provides an in-depth understanding of international risk management and insurance, their dynamics, and the economic, social, political, and regulatory environments surrounding global risk and insurance markets. Incorporates an international perspective from the outset, filling the need to address risk issues on a global scale. Follows theory with practice, analyzing real-world case studies, and exploring sound risk management and insurance operations in the future. Includes discussion questions and exercise modules to help students understand the issues and apply their learning.
