

## Rule-Breaking Quilts

Step away from the world of traditional quilting! Learn how to create quilts that are truly your own, relying on your love of color and fabric to guide you. Kathryn's techniques are quick and easy to master, all starting with just six fat quarters. No pins, no patterns! Easy enough for new quilters and fascinating for experienced quilters. The expectation throughout is for guaranteed success. There are no mistakes-- only alternate design choices. Beginners can expand their technique skills and more experienced quilters will find new ways to tap into their creativity. Each of the projects is small enough to be completed quickly, yet each can easily be expanded into a larger project.
