

## Skills for Living

Skills for Living has been completely redesigned and streamlined to help make your teaching more efficient! With over 200 new photos and a bright new look, this comprehensive Family and Consumer Sciences text helps secondary level students meet the challenges of their daily lives with confidence. They will learn practical skills for making decisions at home, school, and in the workplace. Pages titled career guide describe various career options, their preparation requirements, and personal qualities needed to succeed. Two added features are sure to generate student interest. Reports called The More You Know amplify chapter concepts, and Setting the Scene stories give students real-life scenarios to analyze and apply.
