

Selection Interviewing

Success at work isn't just about working harder. It means thinking and working smarter. The Self-Development for Success series helps you quickly improve basic but crucial professional skills--and ensure your ongoing career success. These brief, visually attractive, interactive books let you assess your current strengths, target weak areas, and build your knowledge and skills. You get an entire skills-training workshop--complete with charts, checklists, exercises, and questionnaires. With Selection Interviewing, you'll learn how to:

- * Be an effective and relaxed interviewer
- * Create an appropriate person specification and effectively screen resumes and applications
- * Plan, communicate, and build rapport--vital steps to successful selection
- * Structure an interview and avoid the pitfalls
- * Improve your self-assurance as you make sure you select the right person for the job.
