

## Marvel Masterworks, Volume 144: Atlas Era Tales of Suspense (Nos. 21-31)

Its a jam-packed Tales of Suspense monster bonanza! And you know you cant keep a good monster down. No way, no how, and before they revolutionized the super hero set, Stan Lee and Jack Kirby made monsters their daily diet. Klaag. Oog. Bruttu. Monstrollo. Skyscraper-tall lumbering beasts from outer space; muck-covered monsters from the Savannah swamps; lost world anachronisms from beyond time; and they were all here to teach humanity a lesson, whether we liked it or not. And after Kirby scares you with his creatures from the id, Steve Ditko will tear at your conscience from the inside out in tense suspense-thrillers cast with nervous-eyed dreamers and sweaty-palmed schemers, none of whom make it out with getting theirs.
