

## The 8 Pillars of Career and Business Success

Boost Productivity. Increase Sales. Build Character. >Discover the 8 secrets that all successful businessmen, entrepreneurs and innovators have used to rise to the top. Take a moment to figure out what being a successful person means to you. Does your bank account require a certain amount of zeros and commas in it before you can consider yourself to be a success? Do you have to drive a certain car, live in a particular neighborhood or have a certain toy before you can say that you are a successful person? Do you have your answer? Good. Now, take a close look at where you presently stand. Does your definition of success match your current lifestyle? If it does, great. This book will help you to acquire even more wealth and help remind you of the qualities that were without a doubt necessary in reaching your present levels of achievement. If your lifestyle and income are not what you would like them to be, dont worry. I have good news. I know just how to help you reach your financial and career goals. In 8 simple, but powerful words Im going to describe to you precisely the person you must become in order to take your business, your career and your account balance to the next level.
