

The Crafters Design Library Fairies

Readers will discover an enchanting land full of fairy fun and frolics that will add a touch of magic to their craft projects. An assortment of fairy friends and scenery fill the pages, including classic characters such as Titania and Tinkerbell, guardian fairies for good luck and other inhabitants of any enchanted forest such as butterflies and elves. The author covers essential techniques for transferring and combining the images to give readers the encouragement and confidence necessary to develop their own fairyland ideas. The use of fairy images in various crafts such as glass painting, papercrafting and beading give readers a variety of ideas for using the images in their own projects.
