

The Crafty Minx: Creative recycling and handmade treasures

The Crafty Minx is about making gorgeous things from preloved, remnant and vintage items. It is written especially for non-crafters who are desperate to be more creative but don't know how, and shares the delicious rewards of living with and giving away beautiful handmade objects. Kelly Doust shares her practical tips to help make your own delectable crafts from discarded materials, and a positive impact on the environment in the process. Including over 75 projects which give traditional crafts a modern makeover - from brightly patterned summer beach bags and cotton apron tops to cosy lambs wool throws and cashmere-covered hot water bottles, or a soft toy for a friend's new baby - this book is broken down into the four seasons of the year for easy inspiration, and to carry you through the year creatively. Bringing you stories about great vintage finds and new ways of looking at the treasures within our own homes, thrift stores and local flea markets, it reflects the huge cultural shift taking place right now towards recycling and buying locally. No matter where you live or what your circumstances, discover just how easy it is to be a crafty minx.
