

The Encyclopedia Of Cross-stitch Techniques

This is a complete, full-color reference covering every form of cross-stitch and related counted-thread technique, from ancient traditional work to modern pictorial designs rendered in vivid hues. A wonderful array of stitches from around the world is described in detail, and clearly illustrated with photographs, diagrams, and charts. A trove of ideas and inspiration for beginners and experts alike, this comprehensive volume presents essential information on materials, equipment, planning, finishing, display, and care.
