

Lead the Charge to Business Success

A people-oriented book for those considering a new business effort, as well as for those presently operating small a small business who need someone to talk to. This book has been written by someone who has been there/done that, both right and wrong, and can share the lessons he learned along the way. Unlike some other books on the subject, the author has injected a bit of humor, which will make a serious subject easier to learn.
