

The Federal Reserve Monster (Classic Reprint)

Foreword for back numbers and extra copies has been so great that we deemed it advisable to collect all of these charges under one volume and thus place the whole Truth about the Federal Reserve System before the people. What we publish herein is fact, carefully compiled from the System sown reports and from public records. We commend this volume to all thinking, upstanding Americans who are ever ready to fight for a square deal.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
